**\* Kivalliq Partners in  
Development STAFF**

“As mandated by KIA, is to act as the primary community economic agency for the Kivalliq Region. KPID aims to deliver employment, business and community economic development programs and services to the Inuit beneficiaries in the region.”

## \*Mission Statement

KPID's vision is to ensure that Kivalliq Inuit will benefit from the economic and business opportunities within the Kivalliq Region, while creating a capable and skilled labour force and increasing the number of successful Inuit owned and operated businesses

**\* Vision Statement**

Nunavut Land Claim Beneficiaries  
of the Kivalliq region are eligible  
for these programs.

**\* Eligibility Criteria**

- \* Access to small scale contributions for tools and supplies for a sustainable livelihood
- \* Contributions to assist with equipment for developing local economies
- \* Assistance for developing and expanding small Inuit owned businesses in the Kivalliq Region

\* Economic  
Development

## Contributions to small business:

- \*\$5,000 per application for individuals wanting to purchase tools for supplementing income.

## Business Development Fund:

- \*Up to \$25,000 for planning, creating and expanding small businesses in the Kivalliq region

Contact your local Economic Development Officer at your Hamlet office, or Business Development Officer at  
KPID

\***Economic  
Development**

**\* Employment Training**

## \*FNICCI (First Nations/Inuit Child Care Initiative)Funding

Under the Employment Services Department of Canada (ESDC, formerly known as HRSDC) ASET agreement, we also provide Operational/Maintenance funds to 7 daycares in the Kivalliq region. This is another support mechanism for clients in the Kivalliq who require childcare while training to reach their career goals.

# \*Childcare Program

## FNIYES (First Nations/Inuit Youth Employment Strategy) Funding

- \* Under the AANDC (Aboriginal Affairs & Northern Development Canada) programming agreement, we are provided with 2 funds for programming.
- \* The first program is targeted towards employment/work experience for students returning to school. These funds are distributed to employers who hire students to gain work experience during summer breaks.
- \* The second program is targeted towards Career Promotion and science programs. Funds are used for regional science fairs, annual science camps and career fairs.
